Lanao votes widen Pimentel lead over Zubiri, cut Trillanes edge

By Jerome Aning and Edson C. Tandoc Jr.

HELPED BY VOTES FROM LANAO DEL SUR AND Norte, Genuine Opposition (GO) candidate Aquilino "Koko" Pimentel III yesterday firmed up his hold on 12th place, as the fight for the last two Senate slots pitting him against mutineer Antonio Trillanes IV and the administration's Juan Miguel Zubiri headed for a nerve-wracking finish.

AN ASSURANCE OF FINANCIAL STABILITY

PhilHealth
Your Partner in Health

Recent media reports have prompted our members and stakeholders to doubt our capability to provide financial coverage for the hospitalization benefits of our members.

We would like to assure our members in the employed, individually paying, non-paying, sponsored and OFW sectors that your PhilHealth is, and has always been financially stable. We can readily provide the financial cover that you trust us to do, especially in times of medical necessities.

As of April this year, our total assets amount to P73.7B, consistently increasing from P51.5B in 2004, P58.1B in 2005, and P68.9B in 2006. On the other hand, our premium collections have similarly increased from P16.5B in 2004 to P22.6B in 2006, a strong indication of our members' trust and confidence in the National Health Insurance Program which we are administering.

Over the last three years, our benefit payments ranged from P12.9B in 2004 to P17.2 B in 2006. This year, we have so far paid about P5.9 billion from January to April and we expect the figure to reach P8.64 billion by the end of the first semester.

SCHEDULE OF INVESTMENTS

Special Savings Deposits	P7.7B	11.2%
Treasury Bills	P17.8B	25.8%
Treasury Bonds	P42.9B	62.2%
Others*	P0.5B	0.7%
Total	P68.9B	100%

We also make sure that any activity that will defraud the NHIP of precious pesos are dealt with in accordance with our quasi-judicial powers. Aside from revoking the accreditation of erring doctors and hospitals, we have created the Fact-Finding and Administrative Investigation Department that does hospital inspection and claims monitoring.

We have also created a Peer Review Committee, composed of members of the Philippine Medical Association, Philippine Hospital Association, Professional Regulation Commission and specialty societies to serve as an expert panel in resolving issues regarding quality of practice. Our partnership with the National Bureau of Investigation and with the Philippine National Police has also enabled us to pursue reports of fraudulent activities in the country.

From 2000 to 2007, we have received a total of 3,792 cases and in 2006, we prosecuted 425 cases, elevated 181 cases to the health insurance arbiter and are currently investigating 217 more cases.

As a responsible corporate institution, we strive harder to sustain the +56 net satisfaction level that our members have bestowed on us, (Social Weather Station September 2006), up from +32 in May 2005. Rest assured, there shall be no cause for worry, especially where our financial capability to honor our obligations to our members is concerned.

PROPERTY

Protecting homebuyers

By Gilbert Yu

THE PHILIPPINES IS IN THE middle of a property boom because of the sound fiscal management by President Macapagal-Arroyo and her economic team.

1 Don't believe the flyers. Promise of palaces in the sky at only P9,000 a month with no down payment sounds too good to be true. Flyers don't tell you everything. They don't mention the ballooning payments and, most important of all, they don't say when the project will start and when the unit will be delivered to the homebuyer.

2 Be insistent. As a homebuyer, you must ask the right questions and insist that you should be answered adequately, completely and truthfully.

3 Investigate. Find out who are behind the project, if it is a new or old corporation and how much their paid-up capital is and if they have the capacity to finish the project. You will be surprised to know that many corporations that develop billion-peso projects have only P1 million in paid-up capital sometimes even less.

4 Study the joint-venture agreement. Know that this is your right.

5 Put everything in black and white. We may not have the proper laws in the construction and real estate industry, but the only one that can protect you as a homebuyer is you and your insistence in asking the right questions. And once you get the answers, demand that the answers be written in the contract.

MO'S SHOW BIZ MAXIM: Hear no evil, speak no evil, see no evil.

By Paolo Lorenzana

APPARENTLY, TALK CAN cost you. What would have been a few words strung together to fill in airwaves and lighten up your early morning drive could garner a smattering of death threats—or get you socked across the face while enjoying a stroll across the mall. Magic 89.9's 6-9 a.m. show Good Times with DJs Andi-9, Mojo Jojo, and Mo Twister, the ringmaster of this ongoing circus, has undoubtedly paid the expense of talk.

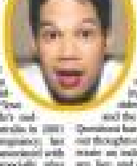

I hate hypocrisy big time. That cadence that celebrities talk in—'kasi alam mo, kasi ano eh ...'—it drives me nuts, man. It's all open game, man

HAVING TWO ARTISTS AS parents exposed us to art and different ways of looking at the world," explains Kidlat de Guia, progeny of German-trained glass artist, Katrin de Guia, and Baguio-based filmmaker, Kidlat Tahimik. (Kids, Google that name, pause, and be amazed.) ZEE ZARAPIAN captures the Nike Team Pilipinas event the Lomo way

Hardcourt heroes

By Pam Pastor
Photos by Jill Lejano, Bella Valenzuela and Zee Zarapian of LoveMafia

THEY DON'T WIELD knives or guns, oh no.

These men carry with them a bright orange ball, making a booster with each powerful step.

In their battle zone, it's not every man for himself. They work as a team and reap glory as a team.

Although off the court they receive adoration as individuals—from their fans, their people in the industry—as soon as they set foot on that shiny floor, they once again morph into a well-oiled machine, with fluid movements, sure strides, unrelenting drive and constant dedication.

This dribbling and shooting machine is called Team Pilipinas, which is led by Coach Chot Reyes. Team Pilipinas is composed of seasoned professional players Jimmy Alapag, Mark Caguioa, Tony dela Cruz, Jayjay Helterbrand, Ren Don Hontiveros, Ranidel de Ocampo, Mic Pennisi, Dondon Singh, Kelly Williams, Ren-Ren Ritualo, Asi Taulava, and Enrico Villanueva.

A couple of weeks ago, as Team Pilipinas was about to re-enter international competition, Nike showed their love for Pinoy basketball by launching their partnership with the team.

Winning spirit

Super and the creative minds of LoveMafia were at Nike's huge flagship store at Bonifacio High Street to capture the event.

Nike launched the campaign, headlined "Gloria Team Pilipinas," to pay tribute to the winning spirit of Team Pilipinas and to rally for support from the Filipinos.

"Through this campaign, we take our full support behind Team Pilipinas to another level, as we call on our countrymen to believe that the Filipino cagers have what it takes to conquer the international hard court," said Nike Philippines Country Marketing Manager Melissa Ocampo.

Total support

The partnership gives Team Pilipinas access to products for game days and training, a network of sports experts for conditioning and specialized training and just total support from Nike.

"With their unrelenting drive, Team Pilipinas shares Nike's love and passion for basketball. We never had second thoughts about giving the team our full support. We hope that the entire nation will also give its full support to the national team," added Melissa.

And the support is appreciated. PBA Commissioner Noli Eala said, "The Philippine Basketball Association is honored to have Nike as its partner in supporting Team Pilipinas. The PBA looks forward to a long, fruitful and exciting partnership with Nike."

LITTLE BIG STARS AT ENCHANTED KINGDOM

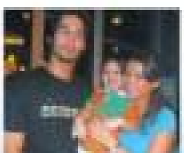

Smart Beginnings™

Parents always want the best for their children, and giving them the best means providing them with love, affection and naturally, ways to help them become as smart as they can be. That's why there's Enfakid SMART BEGINNINGS™, a system that combines Music, Play and Nutrition, the key elements to help optimize a child's brain development.

Start with Enfakid

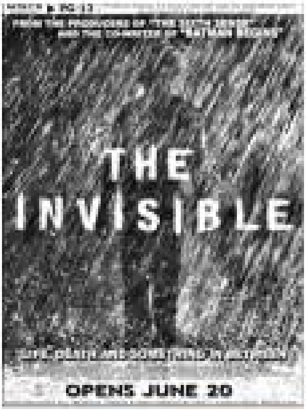

Families gathered at the Ayala Museum recently to witness the launch of Enfakid SMART BEGINNINGS and take an exclusive peek into how the system works towards promoting a child's proper brain development. Host Angel Jacob introduced Mead Johnson President and General Manager Roger Dallas, who shared his own learnings of the challenging but worthwhile experience of being a parent. Special guest Dr Joselyn Eusebio, a developmental-behavioral pediatrician and child development consultant, expounded on how Music, Play and Nutrition each have a role in brain development. Following this was an audio-visual presentation and a concert featuring the Manila Philharmonic Orchestra, Tippy Dosareno and the kids of Trumpets Musicademy. It was an evening of entertainment, activities, treats and inspiring words to help ensure that parents are giving their children the very best.
